

Remove Rust Stains

with Whittaker Clean

Stubborn rust stains come from furniture, equipment, tools and materials.

1. Thoroughly vacuum & blot up any stain

2. Lightly mist rust stain with Crystal Spotter®

3. Agitate area with Crystal Spot Tool™

4. Blot up moisture, vacuum again

5. Saturate spot with Crystal Salt & Residue®

6. Blot up leftover stain

7. Your carpet is clean

Important – Always read and follow the care instructions and any warnings provided by the carpet manufacturer. Rugs and carpets made with natural fibers and/or certain dyes may require special treatment. Always test fabrics to be cleaned for color fastness before use. If in doubt, contact the manufacturer for advice prior to cleaning.
